## SUMMARY

Results-driven Web Developer with 2 years of experience in building responsive websites, developing WordPress solutions, and creating modern digital experiences. Proficient in HTML, CSS, JavaScript, and UI/UX design, with hands-on experience in AI-powered projects and a strong focus on performance, usability, and clean design. Passionate about innovation, problem-solving, and delivering high-quality solutions that drive business growth and enhance user experience.

## WORK EXPERIENCE

### Web & Mobile Application Development Intern | 7East, Islamabad

Mar 2026 – Apr 2026

- Developed responsive websites using HTML, CSS, JavaScript and WordPress, tested across mobile, tablet and desktop.
- Fixed 20+ bugs across layouts, menus and plugins, and documented each fix for future reference.

**Web Development**

- Built responsive websites with HTML, CSS, JavaScript and WordPress.
- Sorted out WordPress plugin conflicts and slow pages by removing unused plugins.
- Fixed common layout bugs such as broken mobile menus, overlapping sections and images that didn't resize

**UI/UX Design**

- Designed page layouts in Figma first, then turned them into code.
- Kept fonts, colors and spacing consistent across pages and simplified confusing navigation.

**AI & Workflow Automation**

- Used n8n to automate small repetitive jobs like form submissions and email notifications
- Built small AI-powered tools for everyday tasks like writing and summarizing.

## EDUCATION

### ADP-IT Management | Riphah International University

2024-2026

CGPA: 3.61 / 4.0 | Relevant Coursework: Database Management Systems, Software Engineering, Web Development, Data Structures.

## PROJECTS

### Devfolio – Portfolio Builder Platform

Node.js, Express, SQLite, EJS

- Built a full-stack site where professionals create a portfolio and share it through a public link.
- Added 4 portfolio themes and 4 CV designs, with the CV downloadable as a PDF.
- Set up password-protected editing so each user can update their own portfolio later.

### SunnyBite – Restaurant Website

I-8, Islamabad | Live on Vercel · GitHub

- Designed and built a pastel, fully responsive restaurant website with animated dish visuals.
- Added an AI chatbot that answers questions about the menu, location and contact details, and takes food orders.
- Created a password-protected admin panel to edit menu items, images and content without touching code.
- Fixed mobile-only layout problems, such as an oversized footer, without changing the desktop design.
- Live: Live Site

### Roastery – Coffee Shop Mobile App (UI/UX)

Figma

- Designed 7 mobile screens: splash, welcome, home, menu, product detail, checkout and order confirmed
- Built a clickable prototype and a design system page covering colors, fonts and components
- Chose an espresso, copper and cream palette with Fraunces and DM Sans fonts for a warm, premium feel.
- View on LinkedIn

### Vertex Digital – Business Website

WordPress, Elementor | Hunarmand Punjab Program final project

- Built and launched a live digital agency website on a registered domain.
- Created a Services page covering Web Development, UI/UX Design, Logo & Branding and SEO.
- Submitted Project Check.

### AI Lead Capture & Auto-Reply System

n8n, OpenAI/Gemini, Google Sheets, Gmail, Telegram | 2025

- Built an n8n workflow that captures website contact-form submissions through a webhook and uses AI to classify each one as Sales, Support or Spam
- Logged every lead to Google Sheets and sent each visitor a personalized email reply automatically
- Set up instant Telegram alerts for the business owner, with high-priority leads flagged
- Added error handling and a 24-hour follow-up reminder so no lead is missed
- Tested the full workflow end to end with multiple form submissions and fixed data-mapping and failed-run issues

## CERTIFICATION

- Google UX Design Professional Certificate | Google, via Coursera | Aug 2025 | Certificate link
  8-course program covering user research, wireframing, prototyping, high-fidelity design in Figma and usability testing
- Certificate of Internship, Web & Mobile Application Development | 7East (Business Incubation Center), Islamabad | Apr 2026 | Certificate link
- WordPress Web Development, Hunarmand Punjab Program (Batch-3) | 2026 | Certificate link
- Responsive Web Design Certification | freeCodeCamp | Sep 2024 | Certificate link

## HOBBIES & INTERESTS

- Building side projects: designing and coding websites and apps for fun, outside of work and study
- Exploring new design and AI tools: testing new ways to make design and development faster and better
- Travelling: exploring new places and cultures, and taking inspiration from them for creative work
